

Jared Zirilli

Zoom Coaching

FAQ

What do we work on?

I tailor sessions to the actor! College audition prep, professional audition prep, career guidance.

Outside of that, I assign material from Broadway, television and film to strengthen technique across all genres.

How long are sessions?

Coachings are 55 minutes long to allow me a restroom break before my next student begins.

How does it work on Zoom?

I actually find Zoom to be the perfect setting for private actor coaching. When working on scenes, I use the recording function so I can be your scene partner, and we watch the tape back together to allow for specific and detailed feedback. Also, the proximity of the actor to the webcam really allows me to focus in on the nuance of their work.

What is the price?

I offer a discounted rate of \$85 for students who schedule sessions 2x a month. Less frequent is the standard \$100.
